Art Unit: 1631

DETAILED ACTION

Claims 1-19 are currently pending.

Restriction Requirement

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-3,11,12,16, drawn to first method for sorting protein structures and correspondent computer system, classified in class 702, subclass
- II. Claims 4-6,13,14,18, drawn to second method for sorting protein structures and correspondent computer system, classified in class 702, subclass 20.
- III. Claims 7-10,15,16,19, drawn to third method for sorting protein structures and correspondent computer system, classified in class 702, subclass 20.

The inventions are distinct, each from the other because of the following reasons:

Inventions I-III are directed to patentably distinct methods which have different modes of operation and different steps. The methods have different number of interfaces involved in the execution of a method. A reference teaching method of Group I will not teach method of Group II or III; a reference teaching methods of Groups I or II will not teach method of Group III.

Application/Control Number: 10/652,866 Page 3

Art Unit: 1631

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (571) 272-0713. The examiner can normally be reached on 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ardin Marschel, Ph.D., can be reached on (571) 272-0718. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Michael Borin, Ph.D.
